MANISHA RIKHARI

FRONTEND DEVELOPER

Delhi, India | +91-9654673488 | **manisharikhari011005@gmail.com**

GitHub | **LinkedIn** | **Portfolio**

Professional Summary

Frontend Developer with **1+ year of professional experience** contributing to **responsive, component-driven web applications** using **React.js, Next.js, TypeScript, and Tailwind CSS**. Experienced in building **reusable UI components**, integrating **REST APIs**, managing application state with **Redux Toolkit**, and handling asynchronous data with **TanStack Query**. Focused on **responsive design, maintainable code**, and consistent user experiences across devices.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), TypeScript, React.js, Next.js, Tailwind CSS

React Ecosystem: React Hooks, Props and State, Reusable Components, Redux, Redux Toolkit, TanStack Query

UI Development: Responsive Web Design, Mobile-First Layouts, UI Implementation, Component Reusability, Cross-Browser Compatibility, Accessibility Fundamentals

API & Data: REST API Integration, Fetching and Rendering API Data, Async/Await, Loading and Error States, Client-Side State Management, PostgreSQL, MySQL

Tools & Workflow: Git, GitHub, Postman, VS Code, Vercel, Chrome DevTools

Professional Experience

Frontend-Focused Full Stack Developer — **Oct 2025 – Present**
Callsmaster Services LLP — *New Delhi, India*

- Developed **responsive and reusable interfaces** for a tourism platform using **Next.js, React.js, TypeScript, and Tailwind CSS**.
- Built the **Tours & Experiences interface from scratch**, implementing reusable components, responsive layouts, and **dynamic API-driven content**.
- Integrated **REST APIs** to display taxi booking, search results, destination data, and recently viewed items, ensuring smooth data flow and a responsive user experience.
- Implemented **TanStack Query and Redux** for data fetching and state management, using **caching** to reduce unnecessary API requests.

Projects

The Thai Tourism — **Live Project**
Next.js, React.js, TypeScript, Tailwind CSS, REST APIs, TanStack Query, Redux

- Developed responsive **Tours & Experiences** and **Holiday Packages** interfaces with reusable React components and **API-driven content**.
- Implemented **dynamic attraction and city-based rendering** for consistent desktop and mobile experiences.

Rishtey NCR — **Live Project**
Next.js, React.js, Tailwind CSS, MySQL, Sequelize, Redux, Redux Toolkit

- Built **reusable UI components** for profile cards, chat and messaging modules, and subscription forms.
- Developed **responsive interfaces and CRM dashboard features**, managing application state with **Redux Toolkit**.

Terra-alert — **Live Demo**
Next.js, React.js, JavaScript, Tailwind CSS, Leaflet, Node.js, Express.js, PostgreSQL, USGS API

- Built a **responsive earthquake monitoring dashboard** with alert listings, **severity-based filtering**, and **interactive maps** to explore earthquake events.
- Integrated earthquake data from the **USGS API** and developed **reusable UI components** for monitoring alerts.

Education

Bachelor of Computer Applications (BCA) — **2023 – 2026**
Delhi Skill and Entrepreneurship University — **CGPA: 8.5/10**
